STONE CHARACTERISTICS OUTSIDE PHOTO RANGE MAY VARY

There are likely to be variations in consistency of colours and textures, appearance and quality in the finished product of the hardened concrete, as the raw ingredients are natural and subject to variations beyond our control. Whilst every effort has been made to match the colours in the preparation of this document, reproductive processes will alter the actual appearance in the concrete products to varying degrees.

The concrete samples shown are indicative only of the finished concrete product, and no guarantee of the colours or textures of the product is given or implied by this document.

PRODUCT NAME:

KARKALLA DELTA 05 IVORY

Bronze granite and bluestone set in an Ivory base.

Things you should know

Start with a warm beige background. Add grey and salmon/bronze hued aggregate to strengthen the depth of earthy colours. A spattering of small bluestone creates contrast and distinction.

This is a great alternative to Colorado Ivory utilizing lighter and brighter colours and limiting the quantity of black peppering.

Other related products to look at are:
Bronzed Stone Ivory.

SPECIFICATION:

Vic Mix Karkalla Delta 05
Ivory 25MPa Exposed
Aggregate Concrete

ORDER CODE:

W_KKAD05IV
