STONE CHARACTERISTICS OUTSIDE PHOTO RANGE MAY VARY

There are likely to be variations in consistency of colours and textures, appearance and quality in the finished product of the hardened concrete, as the raw ingredients are natural and subject to variations beyond our control. Whilst every effort has been made to match the colours in the preparation of this document, reproductive processes will alter the actual appearance in the concrete products to varying degrees.

The concrete samples shown are indicative only of the finished concrete product, and no guarantee of the colours or textures of the product is given or implied by this document.

PRODUCT NAME:

AMBER HALF TUSCANY

Terracotta orange is emphasised by combining a uniquely coloured semi crushed stone in an ash and Half Tuscan pigment base.

Things you should know

Strong orange dominates the projected colour and is subtly contrasted with a fleck of white and black particles.

If you want to make a statement, this is the product to do it.

SPECIFICATION:

Vic Mix Amber Half Tuscan
25MPa Exposed Aggregate
Concrete

ORDER CODE:

X_AMBHT

REVISION: 11/12/2011
